

## A Postcard

1D Lam Yik Tung

Dear Tom,

Hello from Hong Kong. I'm writing this postcard in a restaurant in Kowloon.

Dad is looking at the mobile phones in a shop nearby. Mum and I are waiting for him now. I am trying a piece of rose cake at the moment. It is delicious! Mum does not like eating cakes, so she is having a cup of ginger coffee instead. My sister is buying a few boxes of chocolates. She likes chocolates and she is enjoying her shopping very much.

After lunch, we will go to the Peak for the beautiful scenery and I am going to buy some souvenirs which are nice and not expensive. And we will take a lot of photos there because the view of Victoria Harbour from the Peak is beautiful.

Tomorrow, we will go to Hong Kong Disneyland. I am going to take photos with Mickey and Minnie. They are my favourite cartoon characters and they are very funny. At night, we will have dinner at Disneyland Restaurant. I believe the food there is yummy!

Have a look at the photo I'm sending you. In the photo, I am eating an ice-cream and my sister is smiling happily after her shopping. See you when I get back.

Love,  
Vivien

**Teacher's Feedback :** This is an interesting postcard with detailed descriptions of your wonderful trip. You may also describe your family members' or your feelings for some of the activities. It is really good that you describe the photo on the postcard, which helps Tom to learn more about your trip and the city. Good organization with suitable tone and style. (Miss Wong Siu Fung)
